

## I Building - Deca trip

DECA takes on competition in Biloxi, Mississippi. All Career Tech classes have a club and the clubs compete around the state as part of their curriculum.

## I Building - Career Day

For a week in February, the CTEC hosted a career fair for all Tupelo High Students in the halls of I building. Local businesses came to showcase various careers and occupations that are available in our community. Each CTE department, hosted a different business or career opportunity.

## A Building - S

Every year seniors are placed in... create a project that benefits our... semester, the groups get together... classes and to the community.

## H Building - THS Math Team

The THS Math team competed at math competitions at MSMS. A new group to THS, the math team hopes to compete even more next year.

## PAC - Parade of Beauties

Helen McDougal was named Most Beautiful at THS on April 1, 2017 at the PAC. Runners up included Farrah Cox, Reid Chapman, Malia Crump, Ashton Davis.

## Gym - Pep Rally

The crowd is often considered the extra player on the field. The more hype the crowd is, the more hype the players are, and the better they play. To that end, Pep Rallies are held before the big games. This year, we had pep rallies for the community, a big pep rally in the stadium as well as the more traditional pep rally in the gym.

## D Building - Competition Trips

Synergy, the Marching Band, Madrigals, and The Riptide drumline worked hard this year and traveled all over for competitions. Synergy traveled to Nashville and Chicago. Mad Jazz competed in Chicago. The Drumline competed in Kentucky. And in true Golden Wave spirit, the Long Blue Line (marching band) participated in the Presidential Inaugural Parade in Washington D.C..

## Senior Projects

Groups of 3-5 and work together to complete their projects for the community. At the end of the year, they present their projects to their peers.

## B Building - AP Science Trip

Every spring the AP Science club takes a trip to learn more about the concepts they have been learning in the classroom. This year the group visited Chattanooga, TN where they visited the aquarium and Huntsville, AL where they learned about space related science.

## C Building - Ceramics

As part of the unique art classes offered, students are able to create and design unique ceramic pieces. These pieces are created on campus in C Building. Does C stand for "Ceramics?"
