# year Top 5

Academics are very important to students at THS, however, we've found that high school is about more than just books and learning. Here we take a minute to jot down some of the top 5 things that THS students have done, worn, eaten, talked about and

viewed this school year. In 20 years we may or may not remember the Pythagorean Theorem, but we'll definitely be talking about some of the items on this page at our reunions.

In 2019, nutritional tea shops sprang up around Tupelo. During this school year, no less than 6 could be found around Tupelo.

However, students who were spending \$5-8 for a beverage found other ways to be thrifty. Several restaurants developed a 4 for 4 menu. Students could get a full meal for only \$4.

On January 26, 2020 LA Lakers basketball star Kobe Bryant and his 13 year-old daughter, Gigi were killed along with 7 other people when the helicopter they were riding in crashed on the way to a youth basketball league game. Bryant was a colorful character who was not without controversy. However, many say that he was among the greatest to play the game of basketball. Yellow #8 and purple #24 jerseys and cries of "KOBE" as balls fly across the room permeated the THS campus this spring.
