Starting ON-EM

As new competitors in the 1A-6A division, the Rebel Cheer team came in fifth place out of the entire state(13 teams). They also came first in the PRCC. The cheer team practices from 1:30p.m. to 4:00p.m. on Mondays through Fridays. Additionally, they had to add in extra practices because of the skills they needed to perfect.

When at state, they competed in the traditional routine with tumbling. Furthermore, they had to go against every school that was ranked 1a-6a, which made it more difficult. The competition took place Saturday, December 11, at 5:45 p.m.

When determining divisions, the staff looks at how many members are on each team. A largely populated team would most likely go in the 6A division, while a short membered team could be classified in the 1A division.

When considering the preparation that took place, the most difficult part was injuries and the spread of sickness. However, the girls pushed passed the trials and came out triumphant.
